

currently working on posting information about NEHA award winners in the near future.

- **Notable Figures in Environmental Health:** Still under construction, this part of the webpage will highlight stories of trailblazing individuals who have shaped the environmental health profession.
- **Additional NEHA History Project Resources:** This webpage will enable you to explore more of the resources created and discovered by the task force.

Please visit the NEHA History Project webpage at www.neha.org/neha-history-project to learn more about the task force and to start exploring the rich history of our organization and profession.

NEHA Staff Profiles

As part of tradition, NEHA features new staff members in the Journal around the time of their 1-year anniversary. These profiles give you an opportunity to get to know the NEHA staff better and to learn more about the great programs and activities going on in your association. This month we are pleased to introduce you to two NEHA staff members. Contact information for all NEHA staff can be found on page 50.

Terryn Laird

In my role as public health communications specialist at NEHA, I serve primarily as a communications leader in the Retail Food Safety Regulatory Association Collaborative (www.retailfoodsafetycollaborative.org). I maintain the Collaborative's various communication channels and website, provide writing and design support for other

NEHA food safety initiatives both internally and externally, and participate on the Awareness & Communications Workgroup of the Environmental Health & Equity Collaborative.

Before coming to NEHA I worked in retail food at Starbucks and in a nursing home. I also worked as a writing tutor in the Writing Center at Metropolitan State University of Denver. I hold a bachelor of science in human nutrition and a bachelor of art in English from Metropolitan State University of Denver. I am currently working on my master's thesis in environmental health equity.
